49th Annual Convention

ADMINISTRATOR REGISTRATION

***THE FINAL RULE:
MAKING THE PIECES FIT FOR
QUALITY CARE***

**VILLA ROMA RESORT & CONFERENCE CENTER
MARCH 11TH THROUGH MARCH 14TH, 2018**

49th ANNUAL CONVENTION

Administrator Education Program

SUNDAY, MARCH 11, 2018

1:00 PM – 2:30 PM
**NAVIGATING THE NEW FACILITY ASSESSMENT,
DEVELOPING STAFF COMPETENCIES AND
USING QAPI TO HOLD IT ALL TOGETHER**

If utilized properly, the Facility Assessment can become a key to strategic planning and improving your facilities position in the marketplace, strengthening your current service offerings through training and competency-based programs, and it can identify opportunities for new clinical programming.

Under the revised RoP, SNFs must ensure that staff are able to demonstrate competency in the skills and techniques necessary to care for residents' needs. This session will focus on preparing SNF teams to effectively conduct a Facility Assessment and accurately identify the resources and skills needed to care for their resident populations, review useful tools and resources to assist in the development of clinical competencies, and discuss methods of sustaining facility improvements through a QAPI approach.

SPEAKER: AMY LEE

Amy Lee is the president and CEO of Coretactics™ Healthcare Consulting, Inc., a healthcare improvement company founded on her

passion for high performance and healthcare excellence. She is a pragmatic, innovative and industry-leading thinker that brings her 25-plus years experience in acute and long-term care together into a holistic approach to healthcare operations. Amy has established numerous best practice approaches in falls reduction, wound-care management, antipsychotic reduction, behavioral management, person-centered-care planning, and reducing re-hospitalizations, just to name a few.

2:30PM – 4:00PM
**TAKING CARE OF YOUR HUMAN RESOURCES ...
YOUR EMPLOYEES**

A healthy nursing home workforce is instrumental in success for the employer, the employee and most of all, for the residents! Promoting a healthy workforce includes creating an environment where employees know what to do and love their job.

Learn strategies to maintain a well-performing team responsive to the needs of your residents including developing wellness programs, providing clear directions, engaging employees in "huddles", maintaining staff morale, and promoting a cultural-competence environment. The value of taking care of your employees for a more effective work environment can lead to higher retention, enhanced productivity, and performance.

SPEAKER: JACQUELINE PAPPALARDI, RN

Jackie Pappalardi is the senior vice president of

Capital Health Consulting (CHC), a consulting firm consisting of clinical and healthcare policy experts based in Albany, NY. She has extensive public and private sector acute and long-term healthcare experience and is known for being a results-oriented leader. As a registered nurse, Jackie has been a strong advocate for ensuring that individuals receive quality healthcare through access to effective programs and skilled staff. As a clinical partner, Jackie shares the vision of the CHC team as a strong patient-centered advocate with demonstrated positive outcomes.

MONDAY, MARCH 12, 2018

9:00AM – 10:30AM
**THIS WOULD BE FUNNY...IF IT WASN'T HAPPENING
TO ME! – HOW TO NAVIGATE THE FUTURE WITH
ENTHUSIASM AND VIGOR**

This hilarious and provocative presentation shows long-term-care professionals how to get in front of a constantly evolving future and proactively drive change. It will increase your comfort and confidence in the face of stress and change, and it will show you how to do more with less and embrace the chaos of change with conviction and vitality.

SPEAKER: JODY URQUHART

Jody Urquhart, a former stand-up comedian who

Dear Colleague:

This year, the New York Chapter of the American College of Health Care Administrators will host our 49th Annual Convention which will be held from March 11th through March 14th, 2018 at the Villa Roma Resort and Conference Center. The beautiful Villa Roma has upscale accommodations, varied and tasteful menus, a special dining area and well-appointed and functional meeting rooms. You can even enjoy a game of bowling at their regulation bowling alley! The resort is conveniently located in Callicoon, New York, just minutes from Monticello off Route 17.

Kudos to our Education Committee who has gone to enormous lengths to secure topical and thought-provoking educational programs for administrators, financial managers and directors of nursing/clinical staff. The break-out rooms are conducive to a meaningful and pleasant learning experience, where participants have the opportunity to earn 17.0 continuing education credits.

In addition to the fine educational setting, the Villa Roma offers a spacious, yet intimate exhibit space which accommodates all of our 70 corporate sponsors. This year's entertainment is a mixed bag of comedy and musical hits to leave you in a fun, uplifting mood. We are pleased to present the tribute band Shadows of the 60's which will be playing the best of Motown and the Four Tops. Additionally, we will be featuring the comedy of Tom Cotter and Chris Monty. You will be able to end each evening networking with colleagues and vendors in the relaxed atmosphere of the resorts nightclub.

The dining experience will continue to be exceptional with top-notch food and glatt kosher cuisine.

If you attend only one show in 2018, make it this one.

We look forward to seeing you there, but don't delay.....make your convention and room reservations today.

*Sincerely,
The Convention Committee*

49th ANNUAL CONVENTION

Administrator Education Program

is a highly sought-after motivational speaker, is the author of *"All Work & No Play,"* a bestselling book that shatters assumptions that work can't be rewarding and fun. Humor is a key component in her presentations to more than 60 organizations and associations each year.

1:30PM – 3:00PM

SEX, DRUGS, AND ROLLING WALKERS

As the long-term-care industry faces major challenges in regulation, finance, and staffing, the shift in demographics to a younger, more complex, transient population has added another layer of stress. Resources to develop the type of care and service needed to address issues of long-standing-mental disorders, substance use, addictions, and other behavioral-health needs are in short supply. This session offers a variety of ideas for anticipating and developing common-sense approaches to these contemporary challenges.

SPEAKER: BARBARA SPEEDLING

Barbara Speedling, a quality-of-life specialist, provides education, training and support to long-term-care providers in the development of programs and services to meet the needs of individuals with dementia, mental disorders, brain injury, and complex psychosocial needs. In 2014, she authored, *"Why is Grandma Screaming?"* a guide to improving the quality of life for the elderly. She is a master trainer for the OASIS dementia education program.

4:00PM – 5:30PM

EMR AND DISCOVERY

With the push toward interoperability, electronic medical records have become ubiquitous in the delivery of skilled-nursing care. While the burgeoning use of eMRs holds great promise, it also presents new challenges that can be traps for the unwary. The upsurge in the use of electronic discovery in litigation intensifies the risks. This session identifies the potential pitfalls and describes the new rules of the road. It identifies the key features of eMRs that distinguish them from paper records and explains how these features are transforming not only the delivery of healthcare, but also the protocols for maintaining privacy and asserting privilege. It examines best practices for the development and maintenance of digital information. It also suggests strategies to safeguard digital data from prying eyes, whether through inadvertent oversight, deliberate overreaching, or malicious cyber-theft.

SPEAKER: JANE BELLO-BURKE, ESQ.

Jane regularly counsels hospital, nursing-home (SNF), assisted-living-facility (ALR and ALP), continuing-care-retirement community (CCRC), and home-care agency (CHHA and LHCSA) providers, as well as social-services agencies and individual practitioners, in meeting their regulatory obligations. She focuses on operational, regulatory, reimbursement, and compliance issues. A seasoned litigator, Jane also represents healthcare providers in federal and state litigation, including Article 78 proceedings, and administrative hearings before the Health and Human Services Departmental Appeals Board (DAB), and the Provider Reimbursement Review Board (PRRB). In addition, she guides providers in the implementation and operation of effective compliance programs and represents them in Medicaid audits, investigations, and appeals.

gator, Jane also represents healthcare providers in federal and state litigation, including Article 78 proceedings, and administrative hearings before the Health and Human Services Departmental Appeals Board (DAB), and the Provider Reimbursement Review Board (PRRB). In addition, she guides providers in the implementation and operation of effective compliance programs and represents them in Medicaid audits, investigations, and appeals.

TUESDAY, MARCH 13, 2018

8:30AM – 10:00AM

EFFECTIVELY IDENTIFYING AND ADDRESSING KEY CHANGES IN LABOR AND EMPLOYMENT LAW

With the unprecedented change and uncertainty in the area of labor and employment law, it has become increasingly difficult to effectively manage healthcare workforces. During this 90-minute program, Mike will examine a number of significant changes at the federal and state level that require operators to re-assess their handling of employees, workplace policies and labor relations priorities.

SPEAKER: MICHAEL HECKLE, ESQ.

Michael Heckle is a principal in the White Plains office of Jackson Lewis P.C. He received undergraduate degrees in Liberal Arts (1994) and Education (1996) from the University of Manitoba in Winnipeg, Canada and a Juris Doctorate degree from Hofstra University School of Law (2001). He was a Jonathan Falk Labor Award recipient and a member of the Wagner Labor Moot Court. He came to Jackson Lewis PC in 2001 and has been an active member in the firm's labor practice group since that time.

11:00AM – 12:30PM

CMS FINAL RULE PHARMACY SERVICES UPDATE: WHAT YOU NEED TO KNOW!

In this session, Dr. Hallett will review the recently released update of the "State Operations Manual Appendix PP," which was implemented in CMS's Phase 2 rollout of the regulatory reform of the Medicare and Medicaid Requirements for Participation Final Rule. He will specifically highlight important aspects of the Guidance to Surveyors in the newly renumbered F-Tags for Pharmacy, as well as touch on the role of the consultant pharmacist in antibiotic stewardship as highlighted in the guidance document.

SPEAKER: DR. WILLIAM HALLETT, Pharm. D, MBA

Dr. Hallett founded Guardian Consulting Services, Inc., which is dedicated to providing consultant pharmacist services to nursing homes, adult-day programs, assisted-living facilities, and group homes for the disabled. His company currently provides clinical-consultant pharmacist services for more than 40,000 patients in over 250

healthcare facilities and programs throughout the Northeast and Mid-Atlantic.

1:30PM – 3:00PM

NYSHFA AND LEGAL UPDATES

New York's healthcare administrators are facing a number of legal, legislative, and regulatory issues that could directly impact their ability to deliver high-quality, cost-effective, long-term care throughout the state. This session will shed light on the key legal, legislative, and regulatory issues facing providers and examine their practical operational implications as well as their impact on the delivery of care.

SPEAKERS: STEPHEN B. HANSE, CORNELIUS D. MURRAY, AND DANIEL HIEM

Stephen B. Hanse serves as vice president of governmental affairs & counsel for the New York State Health Facilities Association ("NYSHFA") and the New York State Center for Assisted Living ("NYSCAL"). Prior to joining NYSHFA/NYSCAL in early 2013, Stephen was with the firm of Featherston, Haugh, Wiley & Clyne, LLP in Albany, New York where he represented numerous Fortune 500 companies, healthcare organizations and healthcare providers and professionals before New York's Executive, Legislative and Judicial branches of government.

Cornelius D. Murray is a senior partner in the law firm of O'Connell and Aronowitz, in Albany, New York. He is a member of the firm's Health Law practice and supervising partner of its Appellate Law, Constitutional Law, and Indian Gaming practices. He has represented many clients in the healthcare industry and is currently general counsel for the New York State Health Facilities Association where he focuses on issues involving complex Medicare and Medicaid reimbursement issues, regulatory compliance and certificates of need.

Dan Heim is executive vice president of LeadingAge New York (formerly the New York Association of Homes and Services for the Aging). He oversees the association's public-policy efforts including policy development, regulatory affairs, member communications, and litigation activities. LeadingAge New York represents nearly 500 not-for-profit and governmental providers of senior-living services throughout the state.

4:00PM – 5:30PM

MEDICARE REIMBURSEMENT UPDATE: RCS-I

The new Medicare Part A payment system is targeted for implementation on October 1, 2018. This is not a "refinement" as we've experienced in the past. The Resident Classification System adds significant complexity, with five distinct payment domains including a diagnosis-driven therapy component and length-of-stay-weighted per diem rates. Mastering the system will require facility-wide changes in care management and documenta-

49th ANNUAL CONVENTION Administrator Education Program

tion. This program will provide early insight into the most significant payment reform in 20 years. Presenters will also review new regulations specific to the MDS, SNF value-based purchasing, alternative-payment models and reimbursement penalties.

SPEAKERS: SHERYL ROSENFELD, RN AND MARC ZIMMET

Sheryl Rosenfield has been active in the national SNF community for over 30 years. She is a member of the Health Care Compliance Association’s Long-Term-Care Committee, working with representatives throughout the United States on protocols and policies effecting medical review and payment concerns. As a trainer of the MDS since 1990, she was a founder of AANAC, a national organization serving over 15,000 members associated with the assessment and care processes in skilled-nursing facilities. Sheryl has worked with the Centers for Medicare & Medicaid Services (CMS) on multiple projects, including serving on the Technical Expert Panel to evaluate the implementation and impact of the RUG PPS on SNFs. She was a member of the clinical-standards-and-training team for the federal DAVE project and served as a Data Monitor for the federal STRIVE project. She also served as an “MDS 3.0 Manual” reviewer and continues to contribute to that project.

Marc Zimmet entered the skilled-nursing industry in 1993, at the onset of the national “sub-acute” care movement. Medicare cost-report appeals were a key component of a successful short-term rehabilitation program, and Zimmet & Company (the precursor to ZHSG) quickly emerged as a national leader in the space. As skilled-nursing facilities transitioned to prospective payment in the late 1990’s, Mr. Zimmet applied his experience from New York State’s participation in the Nursing Home Case-Mix & Quality Demonstration project to develop early reimbursement-compliance-management strategies for his clients. He now leads the even more challenging transition to valuebased/alternative-payment and managed care.

Recognizing the market and regulatory changes transforming the healthcare landscape, Marc structured the firm’s “Advanced Healthcare Initiatives” program in 2015. His vision has been realized through the four Zimmet Healthcare “spectrum” companies, establishing the firm as a leader in SNF data analytics, care management/transitions technology and outsourced case management.

WEDNESDAY, MARCH 14, 2018

**8:15AM – 9:45AM
IMPROVING FINANCIAL AND CLINICAL OUTCOMES WITH INTEGRATED BEHAVIORAL HEALTH**

Successful integration of behavioral-health services has become indispensable to survival in the

SNF environment. Achieving outstanding short-term rehabilitation outcomes, avoiding rehospitalizations and staying in compliance with the regulation of psychotropics all require state-of-the-art psychiatric and psychological care woven into overall medical care.

The appropriate management of psychiatric concerns with evidence-based treatment has always been essential to a facility’s ability to operate within the regulatory environment while maintaining an attractive climate for residents, families and staff. But modern SNFs are confronted by new imperatives that require fundamental shifts in care in order to avoid potentially devastating consequences.

Case studies and clinical presentations will highlight effective strategies for implementing evidence-based GDRs, non-pharmacologic interventions for managing difficult behaviors, clinical protocols for avoiding re-hospitalizations, and other essential ideas for succeeding in the current regulatory and financial landscape.

SPEAKER: DR. RICHARD JUMAN

Dr. Richard Juman is a licensed clinical psychologist and the national director of psychological services for TeamHealth, which provides integrated medical, psychiatric and psychological ser-

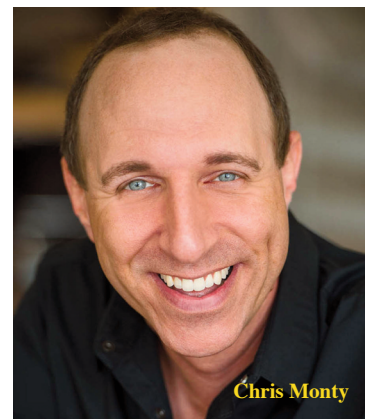

vices in thousands of post-acute and acute facilities in the U.S. He is an expert in the psychotherapeutic and behavioral treatment models utilized in post-acute care. Dr. Juman lectures on a variety of issues pertaining to the populations found in postacute care as well as on specific problems of aging.

**10:00AM – 12 NOON
NYSDOH DIVISION OF NH AND ICF/IID
SURVEILLANCE UPDATES**

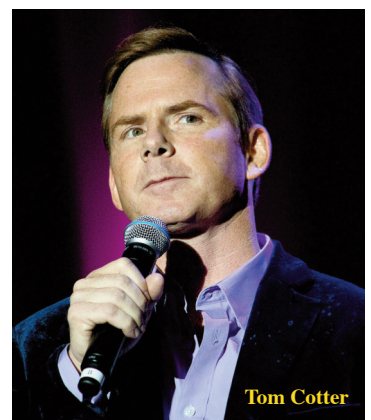

During this session, participants will be informed of CMS initiatives, survey trends, and current quality improvement initiatives.

SPEAKER: SHELLY GLOCK

Shelly Glock is the deputy director, Division of Nursing Homes and ICF/IID Surveillance, NYS-DOH. Ms. Glock is a LNHA and brings a variety of experience with her to this position. Most recently she held the position of quality improvement specialist with IPRO’s Care Transitions project team under the CMS 10th Scope of Work. She was responsible for the design, implementation and evaluation of community-care-transition initiatives to decrease unnecessary hospitalizations and improve the experience of Medicare beneficiaries and caregivers as they transition across healthcare settings.
