

# About ReadyGlobal

- As a business resiliency company, ReadyGlobal equips an enterprise to address any emergency or disaster in order to prevent or minimize business interruption and financial loss.
- RG's expertise spans assessments; business continuity; emergency preparedness; automation; cybersecurity, mass communications; compliance; and staff training and exercises.
- We update **Emergency Continuity of Operations Planning (COOP)** – ensuring safety and continuation of processes. RG addresses all pertinent compliance standards and requirements to support increased quality improvement.
